### Description

Brand new and in stock at City Air Weapons and Firearms Solihull! Please note that the price indicated below does not include a scope, it is for reference. We can supply scopes no problem at all at an additional cost. This is one of the most unique guns that we have in stock here at the store. While the gun already ticks all the boxes (light, easy to hold, accurate, etc), the gun has a particular standout feature that gives it not just character, but functional character. As highlighted by the photos The Phoenix Fast Fire uses a (you guessed it) fast fire reload system. By incorporating the reload mechanism into the grip, you are able to fire shot after shot with accuracy in lightning fast procession.
