£ 3,564

### Description

ANSCHUTZ 9015 PRECISE 11 MATCH RIFLE. Beautifully made, superb trigger elegant in nature and style. PRECISELY! Yes, I know, it's expensive but blimey, what a gun. Listen, other models, well, the CLUB starts at a much lower price but has not got the flexibility of the Precise. Depends what your requirements are but all the range are brilliant. Try the trigger, you will be so impressed!
