

**Air Arms S510 Tactical Carbine Regulated .22 Air
Rifles**

£ 1,325

Description

The S510 Tactical is a user-friendly gun that gets the job done. Simple, elegant and versatile, this is the tool and any situation. It has an ergonomical stock which has a limitless number of customisations to suit any user. It really is a unique experience. The M-Lok system allows direct fitting of a wide range of accessories. Got all your bits & pieces already? Simply pop them on and away you go! Attach a bipod on the bottom, torch on the left and even another torch on the right if you are so inclined! The M-lock system allows you to attach your accessories in a configuration that suits you. This one isn't likely to stay available for long, so send us an email, give us a call or simply pop in if you have any questions!
